## The Charity

For over 125 years, we've been serving the Victorian community as a proudly independent child and family services provider.

This year, all funds raised will support our [Sexual Abuse Counselling & Prevention Program \(SACPP\)](#) to provide tailored, compassionate counselling so children can process their experience in a safe and supportive way.

Sexual abuse can have long-lasting effects on children and young people. Your donation means we can support more children and young people to recover and thrive.

## Make A Difference

Your donations for our live auction and raffle will help us raise more funds, to support more children and families than ever before.

**Be recognised in our pre-event digital media, in our program, at the event, and in Kids First's Annual Report.**
